

Emma Cooksley

## About Me

Hi! My name is Emma (BACP registered) and I am your school counsellor here at Sandon Primary Academy.

As a person-centred therapist, I offer a safe, calm and gentle space for children to explore their thoughts, feelings and processes.

## What we do

When entering the counselling room, children can expect to find a relaxed and confidential space with games, arts, crafts and more! Through play and talking therapies, we go on a journey together on which the child takes the lead!

## Interested?

If this sounds like something that could be beneficial, please speak with your schools mental health lead, Mrs. Burrows.

Children will typically be offered up to 6 sessions that take place weekly.
