February 2026

Dear Candidate,

Thank you for your interest in joining our team at Sandon Primary Academy. We are delighted that you are considering applying for the position of Handyperson, a role that is central to maintaining the high standards of care, safety and pride that define our school.

At Sandon, we believe that every child deserves to learn in an inspiring, safe and well-maintained environment. Our staff work tirelessly to create a school that feels welcoming, vibrant and cared for. The Handyperson position plays a vital part in this—ensuring our buildings, grounds and facilities are always at their best so that our pupils can thrive.

We are incredibly proud of our school community. Visitors often comment on the positive atmosphere, the creativity seen around the site, and the sense of teamwork that flows through every part of what we do. As a member of our support staff team, you would be valued, trusted and supported. You will work closely with our site staff, office staff and teaching teams, contributing to the smooth running of our school each day.

The ideal candidate will be proactive, adaptable and ready to take initiative. No two days are the same, and the successful applicant will enjoy the variety that comes with general maintenance work, repairs, and ensuring the school remains a safe, high-quality environment for all who use it.

We warmly encourage you to arrange a visit to the school. Seeing our environment first-hand is the best way to understand our ethos and the pride we take in everything we do. Please note: All appointments are subject to safer recruitment checks.

Thank you once again for your interest. We look forward to receiving your application and potentially welcoming you to our team.

Kind regards,

Mrs Beckett
Co-Principal

Mrs Kiddle
Co-Principal
