

STAFF WELLBEING POLICY

SANDON PRIMARY ACADEMY

Mrs R Beckett (Principal)

Review date: September 2024

This policy aims to:

- Support the wellbeing of all staff to avoid negative impacts on their mental and physical health
- Provide a supportive work environment for all staff
- Acknowledge the needs of staff, and how these change over time
- Allow staff to balance their working lives with their personal needs and responsibilities
- Help staff with any specific wellbeing issues they experience
- Ensure that staff understand their role in working towards the above aims

Promoting wellbeing at all times

Throughout the academic year, the academy will complete staff well-being surveys to monitor staff well-being in the academy and to identify staff confidence in relation to supporting children and young people's mental health and well-being. The academy also has a link trustee who supports in leading the mental health and well-being strategy across the academy. The trustee will meet and liaise with staff in the academy to ensure that they are aware of their responsibilities to support the mental health and well-being of pupils and to ensure that their mental health and well-being is being supported.

Performance management/ supervision cycles will be completed with every member of staff by the SLT team in which they will review individual well-being and set targets to further support this.

See appendix A for a list of support in place to promote staff well-being both in the academy and in the local community.

Role of all staff

All staff are expected to:

- Treat each other with empathy and respect
- Keep in mind the workload and wellbeing of other members of staff
- Support other members of staff if they become stressed, such as by providing practical assistance or emotional reassurance
- Report honestly about their wellbeing and let other members of staff know when they need support
- Follow the academy's expectations on when it is and isn't reasonable to respond to communications
- Contribute positively towards morale and team spirit
- Use shared areas respectfully, such as the staff room or offices
- Take part in training opportunities that promote their wellbeing

Role of Senior Staff

Senior staff are expected to:

- Maintain positive relationships with their staff and value them for their skills, not their working pattern
- Provide a non-judgemental and confidential support system to their staff
- Take any complaints or concerns seriously and deal with them appropriately using the school's policies
- Monitor workloads and wellbeing of staff through regular surveys and structured conversations; and be alert to signs of stress
- Make sure new staff are properly and thoroughly inducted and feel able to ask for help
- Understand that personal issues and pressures at work may have a temporary effect on work performance, and take that into account during any appraisal or capability procedures
- Promote information about, and access to, external support services
- Keep in touch with staff if they're absent for long periods

- Monitor staff sickness absence, and have support meetings with them if any patterns emerge
- Conduct return to work interviews to support staff back into work
- Conduct exit interviews with resigning staff to help identify any wellbeing issues that led to their resignation
- Lead in setting standards for conduct, including how they treat other members of staff and adhering to agreed working hours
- Make sure accountability systems are based on trust and professional dialogue, with proportionate amounts of direct monitoring
- Regularly review the demands on staff, such as the time spent on paperwork, and seek alternative solutions wherever possible
- Listen to the views of staff and involve them in decision-making processes, including allowing them to consider any workload implications of new initiatives
- Communicate new initiatives effectively with all members of staff to ensure they feel included and aware of any changes occurring at the school
- Establish clear expectations on out-of-school hours working, including on when it is and isn't reasonable for staff to respond to communications, and provide clear guidance to all stakeholders
- Make sure that the efforts and successes of staff are recognised and celebrated
- Produce calendars of meetings, deadlines and events so that staff can plan ahead and manage their workload
- Promote information about, and access to, external support services, and make sure that there are clear routes in place to escalate a concern in order to access further support
- Organise extra support during times of stress, such as Ofsted inspections

Role of trustees

Our Link trustee for Mental Health (Keeley Jones) is expected to:

- Make sure the school is fulfilling its duty of care as an employer, such as by giving staff a reasonable workload and creating a supportive work environment
- Monitor and support the wellbeing of the headteacher
- Ensure that resources and support services are in place to promote staff wellbeing
- Make decisions and review policies with staff wellbeing in mind, particularly in regards to workload
- Be reasonable about the format and quantity of information asked for from staff as part of monitoring work
- Ensure that staff are clear about the purpose of any monitoring visits and what information will be required from them

Managing specific wellbeing issues

The academy will support and discuss options with any staff that raise wellbeing issues, such as if they are experiencing significant stress at school or in their personal lives.

Where possible, support will be given by senior staff through application of the academy's policy. This could be through:

- Giving staff time off to deal with a personal crisis
- Arranging external support, such as counselling or occupational health services
- Completing a risk assessment and following through with any actions identified
- Reassessing their workload and deciding what tasks to prioritise

At all times, the confidentiality and dignity of staff will be maintained.

Policy Review

This policy will be reviewed every year as a minimum.

Additionally, this policy will be reviewed and updated as appropriate on an ad hoc basis. If you have a question or suggestion about improving this policy, this should be addressed to Kate Burrows our Mental Health Lead via phone 01782 319097.

Appendix A: Sources of support at the academy and in the local community

Staff wellbeing policy

Dedicated staff room for some quiet time
