Dear Candidate,

Thank you for your interest in the EYP vacancy at Sandon Primary Academy, and for requesting an application pack.

Sandon Primary Academy is situated in an area of high deprivation, where many pupils begin their educational journey with low starting points. Our mission is to ensure that every child makes rapid progress and leaves us as a well-rounded individual, fully prepared for the next phase of their education with secure attainment.

We achieve this through:

- Outstanding classroom practice
- A strong focus on pupil happiness and well-being
- A personalised and engaging curriculum
- A commitment to removing barriers to learning

Our ethos is simple but powerful:

Learn to Be Happy... Happy to Learn

As a staff team, we are united by this ethos. We work efficiently and collaboratively, and we've made significant strides in improving work-life balance—introducing small but impactful changes that have made a real difference to our family lives.

One of our proudest achievements is the design and construction of our on-site swimming pool, which opened in October 2018. This facility allows every child to access weekly swimming lessons and helps us strengthen our connection with the local community.

We look forward to the opportunity to meet you and show you around our Academy.

Kind regards,

Mrs Beckett & Mrs Kiddle
Co-Principals
